Very well equipped space for business needs. Tom has been extremely helpful in ensuring all the required arrangements are made. I had been there due to internet issues at home. Found the co-working space absolutely helpful.

At Square Feet we love to hear what you think of us, like this lovely review we received from one of our fantastic customers!

If you have any feedback, please get in touch on the email below or review us online

FRIENDLY VISITORS

Introducing Bear!
Bear is the newest edition to the Furry Square Feet Community. He is a 6 month old Golden Doodle and works with his dad, Luke, at Oxford House.

This month in history

- **October 1, 1908** - Henry Ford's Model T, a "universal car" designed for the masses, went on sale for the first time.
- **October 14, 1964** - Civil Rights leader Martin Luther King, Jr., became the youngest recipient of the Nobel Peace Prize

SQUARE FEET LAUNCHES BLOG

As part of our new website, we have launched a blog page. We would love to hear what you think or if you have any suggestions for content you'd like to see. Check it out at squarefeetcowork.co.uk and click on 'Community Corner'

Meet the Tenant

Meet Ash and the team at AT Architecture in Square Feet, Oxford House. AT Architecture are a multi-disciplinary Architectural Practice covering the whole of the UK. They specialise in one-off bespoke designs, masterplanning and mixed-use schemes. This month, we asked them three questions to help everyone get to know them better.

Q: Explain what you do without actually saying what you do.

A: We change people's lives

Q: How long have you been in business and how long have you been a Square Feet tenant?

A: We have been in business since 2015 and were the first tenants at Square Feet, Oxford House around three and a half years ago.

Q: What is your weirdest client experience?

A: A client called Ash on Boxing Day and said "Merry Christmas Ash, I won my bet, Goodbye" then hung up. It transpired he bet his family that he could ring Ash on Boxing Day and he would still pick up!!

Feet's Facts

- Working from home often involves balancing official duties with kids. Studies have found that kids can ask 300 questions a day on average. That is one question every 2.5 minutes!
- The average work desk is home to 400 times more bacteria than the average toilet seat
- Over a lifetime, the average person spends about 90,000 hours at work
